its 3rd Annual Open Symposium
"From Challenges to Solutions"

1st to 3rd December 2010

At the Hesperia Towers,
Barcelona, Spain

Join us in Barcelona to explore :

- Towards Global harmonization
- Bioanalysis thinking outside the "commodity" box
- Practical Solutions to Bioanalytical Challenges
- Update on technologies - Platinum Sponsors
- Technologies and comparison of assay platforms
- Guideline on «Assay Development for Immunogenicity Testing of Therapeutic Proteins» and related topics
- Practical Solutions to Bioanalytical Challenges: Matrix Effects
- EBF feedback on internal discussions
- Finding the right level science and compliance
- Biomarkers
